18D – CHILEAN FJORDS, ANTARCTICA & FALKLANDS

Departure Date : 04 ,20 Nov; 06, 22 Dec 2020 | 07 Jan 2021

Itinerary

Day	Activities
1	<p>Santiago de Chile Your adventure starts with an overnight stay in Santiago, the exciting and diverse capital of Chile. There is much to discover here, from Andean glaciers at the city borders, to skyscrapers in the centre, to lovely colonial architecture, to the shores of the fast-flowing Mapacho River.</p>
2	<p>Santiago - Punta Arenas Fly early in the morning to Punta Arenas where the hybrid powered MS Roald Amundsen awaits, ready for your expedition cruise to Antarctica.</p>
3	<p>Chilean fjords Enjoy cruising the scenic Beagle Channel, surrounded by mountains plunging straight into the icy water. This wild and remote area seems almost undisturbed by humans. Take in the isolated islands, hidden bays and rich wildlife that create one the world’s most beautiful landscapes.</p>
4-5	<p>Drake Passage Cape Horn is the southernmost point of South America, and we will do our best to make a landing here. MS Roald Amundsen will then cross the famed Drake Passage to Antarctica. On the way, enjoy fascinating lectures from our Expedition Team in the Science Center and take advantage of the Wellness area and other onboard amenities.</p>
6-12	<p>Antartica Antarctica is wilderness on a massive scale. It is home to 90 per cent of the world’s ice, reaching up to 4,000 metres in thickness. Winter sea ice virtually doubles the size of the continent. In summer, Antarctica is a breeding ground for millions of penguins, whales and seals. As outlined in the Antarctic Treaty, this is a continent dedicated to peace, science and tourism. No human activity permitted that can alter the perfect natural balance that has evolved through millennia without interference. That’s why we follow very strict environmental guidelines and rules. We want to leave nothing but footprints and take nothing but pictures! Our captain and Expedition Team will take advantage of the often-ideal conditions to take you ice-cruising, and to come ashore on landings for exciting activities. You may have the chance to kayaks the icy waters in the company of whales, hike or even tent camp on the world’s most isolated continent.</p>
13	<p>At Sea After exploring this unforgettable continent, we set course for the Falkland Islands. Our Expedition Team will brief you about the history and biology of the Islands, point out wildlife from our outer decks and scout for the Albatrosses that often guide our way.</p>
14-16	<p>The Falklands Island After the wilderness of Antarctica, enjoy the contrast provided by Stanley, with red phone boxes, red buses and old pubs. The capital is good size for roaming the streets on foot, or you can join an excursion to explore the wilderness and wildlife in the surrounding area. We will be docked here throughout the day. The Falklands are teeming with wonders of nature, with fantastically clear blue skies, seamless horizons and stunning white sand beaches. As we reach the westernmost outposts in the Falklands, you will see remote farms that have been family-owned for generations. We may go ashore on Carcass Island - an avian paradise with ducks, geese, penguins, albatrosses, caracaras and wrens. We hope to go ashore for exploring, hiking or taking a closer look at the birds.</p>
17	<p>At sea As we complete the loop of the Magellan Strait, we will have a recap of everything we have experienced on this expedition cruise in the Science Center. Make sure you spend some time on deck looking for wildlife.</p>
18	<p>Punta Arenas - Santiago de Chile We arrive back in Punta Arenas in the morning. After the flight back to Santiago de Chile, you can extend your vacation with a Post-programme adventure to experience more of this impressive region.</p>

18D – CHILEAN FJORDS, ANTARCTICA & FALKLANDS

SANTIAGO DE CHILE ⇨ PUNTA ARENAS ⇨ CHILEAN FJORDS ⇨ CAPE HORN ⇨ DRAKE PASSAGE ⇨ ANTARCTICA ⇨ FALKLANDS ISLANDS ⇨ PUNTA ARENAS ⇨ SANTIAGO DE CHILE
